FRIEND!

Go to 'Your Profile' to find out in detail how Friendable works and successfully pairs you with some new best friends!

To get to each different page of the website, click their corresponding button in the navigation bar. The 'Home' button will take you back to this original page.

The survey page will appear when clicked on the 'Survey' navigation bar button.

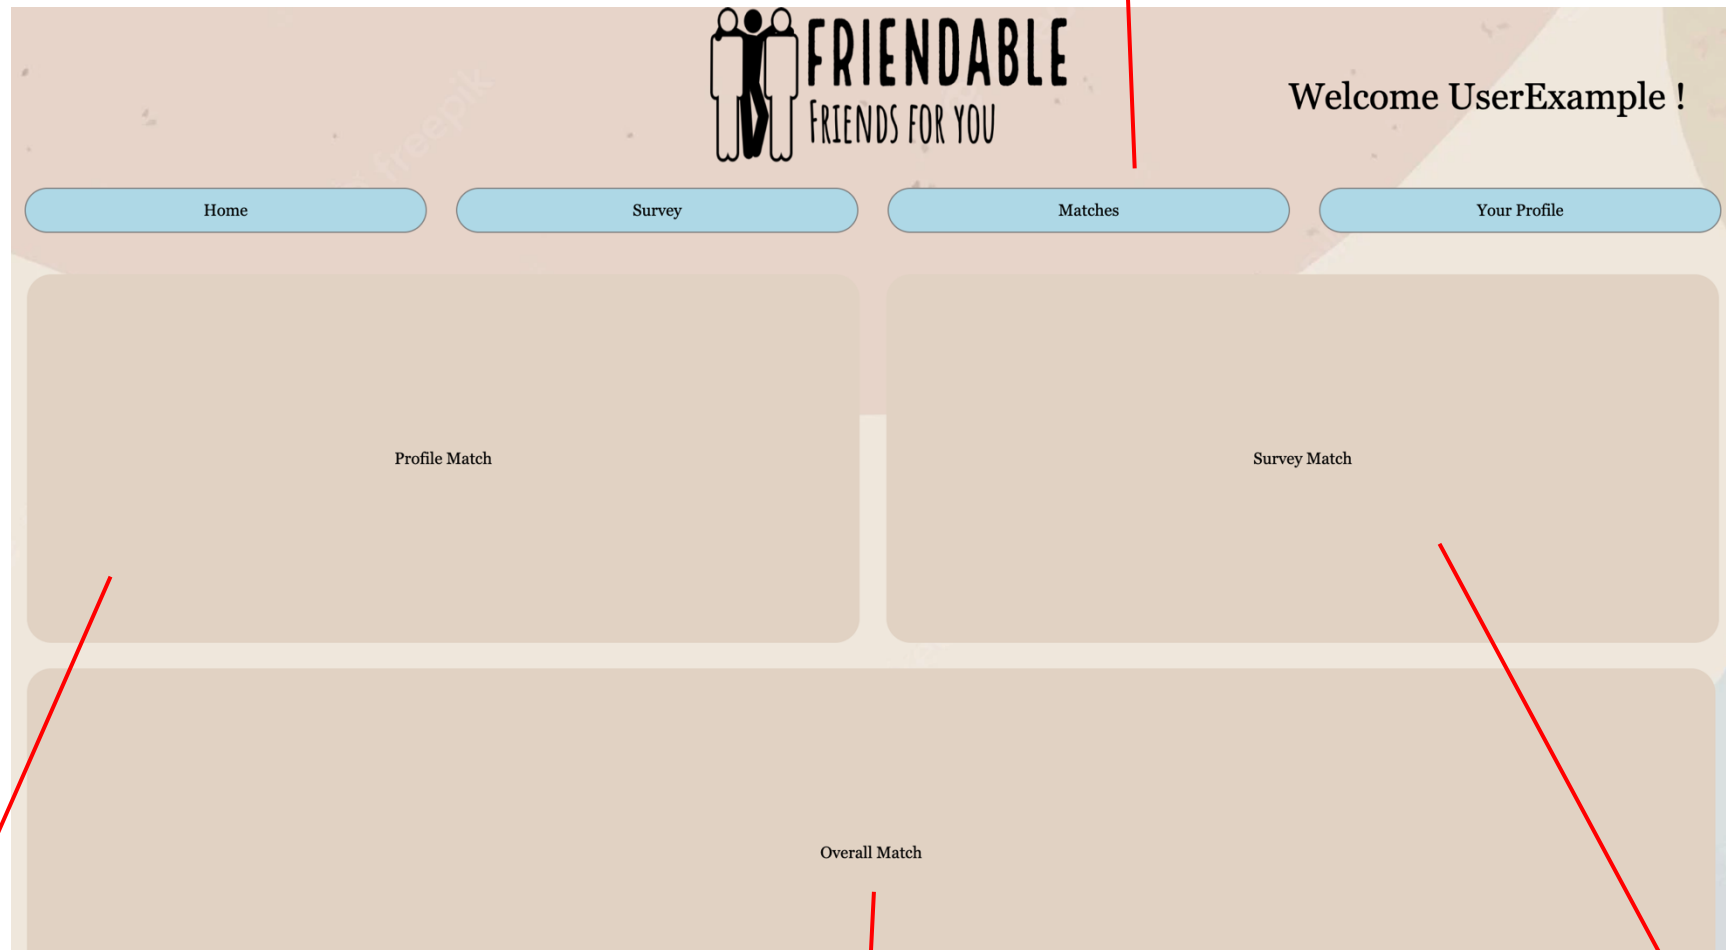

Go through the survey by choosing an option for each question. When you choose an option it will automatically take you to the next question. Don't worry if you want to change an option you can continuously redo the survey to update your answers.

Once the survey is completed, you will be asked to submit your answers. This allows friendable to store your answers and use it later in the matching process to compare your answers to other profile. You can keep redoing the survey as many times as you would like, ensure you resubmit for your answers each time so that your answers update to your profile.

The matches page will appear when clicked on the 'Matches' navigation bar. You will be presented with three different options of categories of matches to do.

By clicking on 'Profile Match' you will then get to match yourself with users that have similar sign up details as yourself. For example, finding a friend with the same age or birth month as

By clicking on 'Overall Match' you will be taken to see who your top overall matches are based on your combined survey results.

By clicking on 'Survey Match' You will then get to match yourself with users that had the same specific survey question results. For example, if you want to find a friend that has the same answer to question one as you, click on this page for the specific match.
